# ABOUT US

## BACKGROUND INFORMATION

Jovicom Logistics Limited is wholly owned by Kenyan nationals. It is a registered company and fully incorporated under the provisions of the Companies Act 2015 as embedded in the laws of the Republic of Kenya.

The Directors of Jovicom Logistics Limited have been actively involved in the business of general transport, long distance cargo haulage, special cargo transportation, courier and delivery services, storage, warehousing and general petty errands. It is on the basis of this background, backed by the power of the knowledge in transport that Jovicom Logistics Limited was birthed on the 16th day of December 2020.

JLL's business model is anchored on the initiation, sustenance and growth of a lasting business relationship with clients and partners. It is our fundamental belief that the best customer relationship is founded on the principal of win-win situation for all parties involved.

We have invested, and will continue to invest a lot of our time and resources in personalizing and understanding the needs of our customers with a view of prescribing perfect transport services and logistical solutions

## Mission & Vision

### VISION

To endeavour to be a financially strong Transportation and Logistics Company with a global outlook and to be in touch with current information and technology in sourcing, securing and applying continuous business growth to our clients and development to our employees.

### MISSION STATEMENT

Our specific mission is to provide a "Consider It Done" approach in the business of cargo transport and logistics cutting across general and specific transport and logistics needs of individuals, small, medium and corporate entities through innovation and delivery on the basis of competitive pricing, quality and reliability in our core business services.

Our mission is to support the continuous business growth of our customers through timely movement and delivery of cargo and goods of various definitions and dimensions by employing innovative technologies in the transport and logistics industry. We are always focused on providing consistent quality transport and logistical solutions along with the best possible and cost effective rates.

At JOVICOM LOGISTICS LTD, the long term relationships we create with our clients allow us to better understand and identify the problems and needs of our customers. With the combination of the industry expertise and experience, and with customer focused service approach, we are able, with reliability to provide transport and logistical services tailored to meet needs of our customers while strengthening our working relationship with our partners
